Gentlemen:

I thought you would be interested in seeing the enclosed article by John K. Iglehart, "Health Policy Report--The Campaign Against Smoking Gains Momentum," published in The New England Journal of Medicine, April 17, 1986. The comments by Congressman Waxman's aide concerning labeling and the comments by Donald R. Shopland concerning the "passive smoking" issue are especially revealing.

With best regards.

Sincerely,

Donald K. Hoel
